ITEA-ARTEMIS co-summit 2015 a success

date of publication > 11-May-2015

The future of smart manufacturing and the impact of software innovation in Smart Industry, or Industrie 4.0., provided the theme of the Co-summit in Berlin, organised by ITEA - the EUREKA Cluster on Software-intensive Systems and Services - and by the ARTEMIS Industry Association on Embedded & Cyber-Physical Systems. The overriding conviction was that software innovation and Cyber-Physical Systems are the enablers of the new smart industry era.
