ITEA 2016 event to take place in Stockholm during EUREKA Innovation Week

Post date: 06-October-2015

ITEA plans to organise the ITEA 2016 event on 28 April 2016 in Stockholm, Sweden, as part of the EUREKA Innovation Week, which will take place from 26-29 April 2016. Vibrant keynote speakers and messages, ITEA Award presentations and a number of ITEA project demonstrations will take place at the main exhibition on 27 April. The highlight of the EUREKA Innovation Week is the event on “Smart Cities – Sustainable and Attractive Communities” on 27 April, including inspiring keynote speakers, the EUREKA innovation award ceremony, dynamic parallel sessions and an exciting exhibition showcasing ITEA and other EUREKA Cluster projects as well.

Set up within the context of the EUREKA Swedish Chair (2015-2016), this event will be an opportunity to meet, share ideas, interact and discuss with 400 stakeholders from European industry, SMEs, academy, policymakers, representatives from regional and local authorities and many more. More information can be found on the [ITEA website](#)
