Managing Sustainability Tradeoffs

Grant Agreement No.: 22035

D3.5 Open-source repository of optimization tools developed by the consortium

Document Number	D3.5
Document Title	Open-source repository of optimization tools developed by the consortium
Version	0.1
Status	Draft
Work Package	WP3
Deliverable Type	Report
Contractual Date of Delivery	June 2026
Actual Date of Delivery	
Responsible Unit	ISEP
Contributors	
Keyword List	Open-source repository
Dissemination level	Public

Amendment History

Version	Date	Author (Unit)	Description
0.1	06/2026	ISEP	Initial Document.

Executive Summary

This deliverable concerns the creation of an open-source repository of optimization tools developed by the consortium.

Partners: WRT, ISEP, CLW, CPP, RUG

Table of Contents

Executive Summary 3
1 Open-source repository of optimization tools developed by the consortium 5
1.1 Description 5

1 Open-source repository of optimization tools developed by the consortium

1.1 Description

The repository for the developed optimization tools was created and has, at the present moment, links for the partners repositories where the tools are being developed, or documentation about the tools. The repository (Figure 1) can be access through **https://github.com/ITEA-MAST**.
