

# 25 years of ITEA roadshow - Germany

## Metasoft

15 June 2023 | Online

Name of speaker: Rodney Kadadi

# Metasoft

## Company data

- Creation date: 2000
- Number of employees: 50
- Country: Turkey

## Expertise / main products

- Metasoft has expertise in software application and reporting issues for presentation of resultant product experience as a framework user and builder. **DentAssist & Ideal** is our web Hospital Information System currently providing services to 50 Oral and Dental Health Centers, 6 Oral and Dental Health Hospitals, and 20 Dental Faculties.
- We have a team skilled in machine learning and AI techniques. We have developed a software platform with artificial intelligence and machine learning capabilities to match the **3D image** of the oral cavity with a dental template, enabling the identification of the condition, diagnosis and accurate determination.

## Looking for

*A project idea relating to our skills to join*

# Contact details
