Funding process and timeline

25 years of ITEA roadshow - Spain

Some recommendations

INTERNATIONAL LEVEL:

- Balanced consortium
- Countries with financial availability
- A sub-consortium leader per country
- Technological Centres and Academia's role coherent with national funding application

NATIONAL LEVEL

- **IMPORTANT:** Emphasis on R&D activities
- Leadership recommended (Project, WPs, Tasks ...)
- Avoid overlapping with other presented projects
- Market included
- The funding project proposal is not the Itea FPP, it is a specific national document
