

ITEA Call 2025 – Information session with RVO

ITEA Panel session

24 June 2025 |
AI Innovation Center, Eindhoven

ITEA 4 is the Eureka Cluster on software innovation

Panellists

Régis Cazenave
ITEA Vice-chairman

Jacob Jan de Boer
Sr. Advisor
International Research and
Innovation Programmes at RVO

Marco Ezendam
Managing Director
at Reden

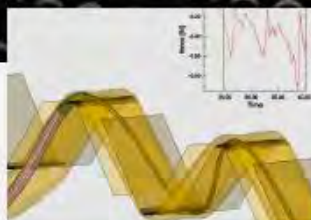

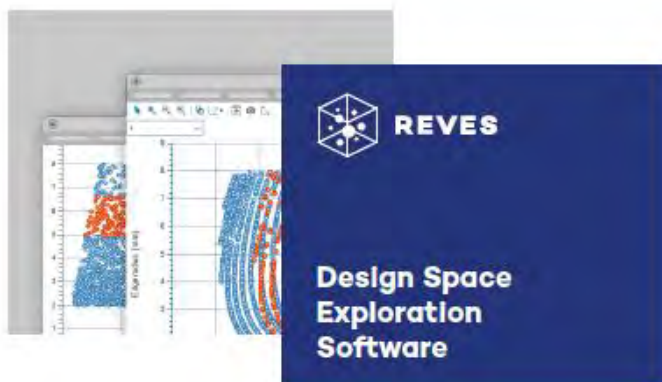

Jin Jack Tan
Acoustics Team lead &
Researcher at Sorama

Experts in innovation and product development

through multiphysics modelling

Our software products

We solve your engineering challenges

Using a Multiphysics Modelling Approach covering mechanics, thermodynamics, fluid dynamics and acoustics.

We find better options – faster

Multiphysics modelling allows us to explore design space without losing time on rework and physical testing.

We deliver solutions that really work

- feasible product design
- conceptual model
- feasibility study/FMU
- digital twin
- tailored software solution

Our expertise

- Mechanical Engineering
- Thermal Engineering
- Acoustic Engineering
- Fluid/Flow Engineering (Multi Phase, Non Newtonian)

Our domain: High Tech industry
