

ITEA PO Days 2022

Welcome to the ITEA PO Days 2022

ITEA PO Days 2022, 13 September - Helsinki
Zeynep Sarılar, ITEA Chairwoman

The background is a dark blue gradient. It is decorated with numerous gold streamers of varying lengths and curves, scattered across the frame. Interspersed among the streamers are small, glowing gold lights, some of which are part of a string of lights visible at the top. There are also larger, out-of-focus circular bokeh lights in shades of blue and gold. The overall effect is celebratory and festive.

WELCOME BACK!

WELCOME BACK!

Back to business!

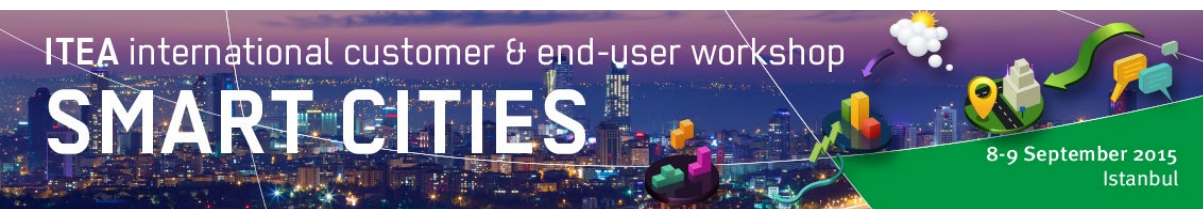

- Great number of participants
 - 314 in the PO Days
 - 252 in Helsinki
- Meeting point for global collaboration
 - 18 countries represented physically
